

2005 Starlight Gala

Benefiting The American Cancer Society

Honor & Memorial Starlight Donations

The Starlight Gala Honor & Memorial Committee's goal is to honor and remember our friends and loved ones who have fought, are still fighting, or have lost the battle against cancer.

We came up with the idea of "brightening the fight against cancer" with Starlights. These Starlights, which come as a strand of lights resembling shooting stars, will be used to light the way at the Starlight Gala. A placard, listing all the people honored and remembered, will be placed next to the Starlights to remind us of our fight.

The response to the Starlights has been overwhelming. Please help us continue this tradition by purchasing Starlights for \$20 each. An acknowledgment, if desired, will be sent to the person or person's family as denoted by the donor. To purchase a Starlight, please fill out the section below and return it to:
